

Powerful Credit Repair Company Delivering Powerful Results!

Credit Repair Starts Here

Millions of Americans have credit challenges and nearly 60% of all credit reports contain mistakes causing a negative impact on their credit rating. It is our mission to help people remove questionable negative items from their credit files to repair and restore their credit. We are committed to helping people rebuild and re-establish their credit and are dedicated to providing the highest standards of excellence.

Industry Leading Services

We offer industry-leading credit repair services backed with a 100% money-back guarantee. Our credit repair service is truly unmatched in terms of effectiveness, speed, and our risk-free guarantee. We are the #1 credit repair company for nearly 20 years. The following outlines our proprietary credit repair process:

1

Credit Reports

The very first step is to obtain your credit reports from all 3 major credit bureaus to know exactly what items are in your credit files. If you have recent copies of all 3 credit reports (less than 3 weeks old), then simply forward them to us. If you don't have recent copies of all 3 credit reports, then we'll gladly assist you in obtaining all 3 for free. Upon accessing your credit reports, we will conduct a professional analysis of your credit files to identify all questionable negative items.

Disputes

Once the questionable negative items have been identified, we get started with our powerful credit repair services. Unlike other companies, we don't limit the number of items we dispute at once, nor do we delay our service for 6 months to 1 year just to collect monthly fees. Contrarily, we dispute all of your questionable negative items in each of the 3 major credit bureaus at once, saving you a lot of time and money. We get our job done right with only 1 round of disputes, collecting zero recurring monthly fees, and we back it up with our 100% money-back guarantee. Only after our work is fully performed and completed, which means after all the work has been done to prepare and submit your disputes to the credit bureaus, will you then be charged our credit repair fee.
